Caution: If you are not confident you can complete the installation safely, have it completed by a certified technician! Failure to complete the installation correctly could cause damage to your vehicle.

PARTS IN KIT:

Quantity	Part Name
1	Deep cast aluminum oil pan
1	Oil pick-up tube
1	Drain plug
1	Drain plug washer
17	Socket head cap screws 5/16"-18 x 1"
17	Lock washers

REQUIRED FILTER KIT:

Ford Motor Company service number D3TZ-7A098-B

INSTALLATION INSTRUCTIONS:

- STEP 1:** Raise and properly support your vehicle with jack stands. See your owners' manual for correct jacking points.
- STEP 2:** Place drain pan under transmission oil pan. Loosen all pan attaching bolts to within a few turns of removal. Carefully break the gasket seal allowing the fluid to drain.
- STEP 3:** When most of the fluid has drained, remove the pan and allow the balance of the fluid to drain into the drain pan.
- STEP 4:** Remove oil filter.
