NO PART OF THIS DOCUMENT MAY BE REPRODUCED WITHOUT PRIOR AGREEMENT AND WRITTEN PERMISSION OF FORD PERFORMANCE PARTS © Ford Motor Company 2020

15. Remove the electrical cover then remove the bolts and spare tire carrier from the tailgate.
Torque: 22 lb.ft (30 Nm)

Removal – Tailgate Bronco Emblem

1. To remove the Bronco emblem, please reference: [Bronco Emblem](#)

NOTE: *It is recommended to measure the height of where the emblem location is on the swing gate for installation of the new emblem after the exoskeleton is installed.*

Installation

1. To install, reverse the removal procedure.

Installation – Exoskeleton

1. After installing the hinge brackets provided with the kit, use the M8 x 15 bolts to secure the exoskeleton to the hinges.
Torque: 20 lb.ft (27.5 Nm)

Installation – Bronco Emblem

1. Follow the instructions here: [Bronco Emblem](#).

NOTE: Move the emblem to the right by 1 inch so it does not interfere with the exoskeleton.
